

## Supplies

### Provide Your Own Fabric

- six to ten pieces of fabrics approximately 9x10" — or similar scrap sizes *Consider picking a focus fabric and building the rest of the fabrics around that with small tone on tone prints. At least one fabric should be dark and one should be light. Choose at least one "pop of color." Fabrics don't need to be measured exactly. Large scale multi-color prints can be tricky for this project. If you have a stash of pre-fused fabric, this is a great workshop to use it.* Follow the instructions in [this video](#) for fusing your fabrics ahead of time.
- six 6 x 8ish inch pieces of batting or felt any color
- card stock window (Using an 8x10" piece of card stock paper, mark a 5x7" rectangle and cut it out, leaving you with a window to help with design decisions.)
- Watch [this video](#) to help you choose fabric and prepare your supplies.
