

Supply List for 1 Block Bullseye

The class covers foundation paper piecing and curved piecing, specifically set-in circles. You will work on the Center Circle, Ring 1, Ring 2, and the Corners. Once you complete the course, you will be a foundation paper piecing pro!

The class block finishes at 20" x 20". You can use this block by itself, make the 9-block quilt shown in the book, or continue adding rings using the pattern papers from the book to make a larger quilt.

Required Supplies for Class

Can be found online at pieceocake.com

- **Simple Foundations Translucent Vellum Paper** (30 sheets/pack): 10 sheets for the class block. *It takes 90 sheets to make the 9-block quilt, and 76 sheets to make the Big Blue Bullseye.*
- **I recommend** that you use vellum in class. It is easy to see through and that makes a huge difference. You can use a different foundation paper if you prefer.
- **1 Sheet of Self-Adhesive Laminate** to make the corner template for this block. *Larger corner options in the pattern require more sheets of laminate.*
- Rotary cutting mat
- Rotary cutter
- 3" x 12" or 6" x 12" rotary ruler
- A sewing machine in good repair *that you know how to use!*
- Piecing thread, a fine but strong 50wt. 2-ply thread is your best choice.
- Good fabric scissors
- Good paper scissors
- A stapler and extra staples
- Staple puller
- Pins for piecing. Magic Fine Quilting Pins are my favorite.
- Clear tape
- Seam ripper (just in case)
- An iron and pressing surface.

Optional, *But Handy*, Supplies

- Add-A-Quarter Plus Ruler
- Apliquick Rods
- Ergonomic Tweezer by Apliquick
- Fabric Glue Pen and Refills. I like the Quilter's Select or Sewline Glue Pens.

Fabric for 1 Block:

This is a scrappy quilt and yardage amounts can vary a lot between quilters. I strongly recommend that you work on the class block before you buy fabric for the entire quilt. That said, yardage to make 9 blocks is also listed.

Label your cut pieces and place clip them together as you work.

Center
