Use your favorite way to **GET ONTO LOOP 360.**

Use the first set of directions below if you are heading **south** on Loop 360.

Use the second set of directions if you are heading **north** on Loop 360.

Once you are inside the gates to our subdivision you should use the third set of directions.

Directions to 1 Beecher Lane by HEADING SOUTH ON LOOP 360:

- Head South on Loop 360.
- After crossing the Pennypacker Bridge (the rusty bridge) over the river you will pass through two traffic lights. (Cedar Street and Westlake Drive)
- At the next traffic light (the third after the bridge) make a right onto Pascal Lane (not quite 3 miles after crossing the bridge).
- This will get you to the Rob Roy Subdivision. Use the visitor entrance to the right of the guard station.
- Enter your gate code (above) on the keypad or ask the Guard for assistance.

Directions to 1 Beecher Lane by HEADING NORTH ON LOOP 360:

- Head North on Loop 360.
- Approximately 1 mile after crossing over Bee Caves Road you will come to the traffic light at Pascal Lane.
- Turn left at that light to get onto Pascal Lane. There is a dedicated left turn lane.
- This will get you to the Rob Roy Subdivision. Use the visitor entrance to the right of the guard station.
- Enter your gate code (above) on the keypad or ask the Guard for assistance.

ONCE INSIDE THE GATES on Pascal in the Rob Roy Subdivision:

- Follow Pascal.
- At the third street on the left, make a left onto Beecher Lane.
- Ours is the first mailbox on the right.
- Park on the right side of Beecher Lane near our mailbox with your car facing downhill. We are only allowed to park on one side of the road to keep from blocking emergency vehicles if they need to use the road. Call my cell number (above) and someone will come and get you and drive you to the house.
- There are two houses on the private road that leads to our house and ours is the last one and cannot be seen from the road.
- Do not decide to walk down the private road to our house. The house is farther than it looks and our driveway is very steep.

Also, please be aware that there is a large white dog that lives at the first house on the road. The dog is friendly but it barks a lot and can appear menacing.

- as possible if you have any questions or if you have any mobility issues.

Let me know as soon
